- **Are others accessing Barristers directly?**
- **Why DPA for Engineers?**
- **Some examples?**

# How, When and What an Engineer to Instruct a Barrister

# How, When & What Engineer to Instruct Barrister

---

A barrister may accept instructions from:

- a) Solicitors in Hong Kong or Director of Legal Aid or the Government (Para.50(a) of the Code of Conduct);
- b) Certain categories of professionals and bodies authorized by custom or the Bar Council (Annex 20 of the Code of Conduct);

for legal works in a professional capacity in, e.g., litigation and other legal advisory works in Hong Kong

# How, When & What Engineer to Instruct Barrister

---

Under Annex 14 of the Code of Conduct [Overseas Practice Rules of the Bar], a barrister may accept instructions (in gist) from:

- a) Foreign lawyers, for international arbitration works in Hong Kong or for professional works not relating to litigation in Hong Kong;
- b) Local or overseas lay clients, for professional work outside Hong Kong and to be substantially performed outside Hong Kong or relating to litigation or arbitration outside Hong Kong;
- c) Foreign lay clients or lawyers, for professional works not relating to litigation in Hong Kong

# How, When & What Engineer to Instruct Barrister

---

Under the Direct Professional Access Rules (“the DPA Rules”) set out in Annex 19 & 19A to 19I of Code, a barrister may accept instructions from a member of a "recognised professional body" without the intervention of a solicitor in any matter of a kind which falls generally within the professional expertise of the members of the recognised professional body

Annex 20 of Code lists out the recognised professional bodies

# How, When & What Engineer to Instruct Barrister

---

- *Annex 19I of the Code* sets out the Recommended Standard Terms of Engagement for DPA by HKIE members, incorporating the DPA Rules under Annex 19 of the Code

[[http://www.hkba.org/the-bar/code-of-conduct/code\\_of\\_conducta19I.htm](http://www.hkba.org/the-bar/code-of-conduct/code_of_conducta19I.htm)]

# How, When & What Engineer to Instruct Barrister

---

- Instructions from ‘Qualified Instructing Member’ --- FHKIE or MHKIE --- in capacity as a director, partner, shareholder / member or employee of a company, firm or other body
- Instructions only in a matter of a kind which falls generally within the professional expertise of members of the HKIE
- Not deemed to have accepted instructions until having a reasonable opportunity to peruse

# How, When & What Engineer to Instruct Barrister

---

Standard Terms recommended / deemed to apply unless and to the extent varied, including.....

- First point of contact by 'Instructing Member'
- Confirmation of being insured
- Etc.

# Legal Advice and Appearance in Tribunal Proceedings

# Legal Advice & Appearance in Tribunal Proceedings

## ■ What can be done under DPA?

- *Legal advice/drafting on all aspects arising from construction contracts, tendering processes, etc.; on merits, evidence, quantum of claims/defences/assessments; on roles, duties, risks or procedures*
- *Legal advice/drafting for ADR related matters and for dispute resolution*
- *Appear as advocate / representative in tribunal proceedings, arbitration, mediation, DRA process or adjudication*
- *Etc.*

# Legal Advice & Appearance in Tribunal Proceedings

---

## ■ What cannot be done under DPA?

- *Litigation proceedings (up to letter before action)*
- *Handling clients' money or substantial administrative work*
- *Doing contract administration type of inter-parties work (e.g. daily correspondences)*
- *Work where the barrister considers in the interest of the lay client that a solicitor should be instructed*

# Sample of Brief

\*\*\*\*\*

## BRIEF TO COUNSEL

Counsel has been provided with all relevant documents of the case.

Counsel is hereby instructed to prepare a written opinion before 26th August 2011 on the following matter relating to the Project [REDACTED]

- (a) Whether the Non-completion Certificate issued by the Architect is valid thus rendering the Contractor liable to deduction of liquidated damages
- (b) Whether the Architect's omission in issuing extension of time in time has rendered the time for the Contractor to complete the Works at large.

\*\*\*\*\*

Dated the 9th August of 2011
