supporting organizations)
and HK\$1800 for non-members.**

Note: No refund can be made for cancellation of the registration, but a
substitution delegate is allowed.

2017 International Lighting Symposium

Smart Lighting for High Quality Lifestyle

Friday, 20 October 2017 09:00 – 17:30 Kowloon Shangri-La Hotel

Objectives:

The symposium provides a platform at which international experts and industry participants can meet with to discuss key issues and new trends in lighting technology. The event highlights new directions in lighting for commercial and public applications, both locally and globally and seeks to elevate public awareness of the importance of lighting quality.

Who should attend?

Whether you are a supplier, manufacturer, contractor or consultant, working in utilities, engineering company, academic institution or government authorities, or you are simply interested in the latest lighting technology, and whether you are from Hong Kong or overseas, you are welcome to attend this symposium.

Speakers

Internationally renowned lighting experts from the Australia, Belgium, Mainland China, Taiwan and Hong Kong will share their knowledge and insights on trends in lighting technology.

Smart Lighting for High Quality Lifestyle

Friday 20 October 2017, Kowloon Shangri-La Hotel

Symposium Programme

Morning Session

09:00	Welcome Address TM Chung, Chairman, CIE Hong Kong
09:10	Opening Address Ir TAI Tak-him Deputy Director/Training Services Electrical and Mechanical Services Department, HKSAR Government
09:20	Keynote Speech 智能照明 让我们的生活更美好 GAO Fei, China Illuminating Engineering Society
	Session 1
09:40	Research and application of electrical characteristics of LED sport lighting Chris LEE ¹ , Jiange QIN ² , Jia JIA ² , Yuntao YUE ² , Qing DONG ¹ , Xuemin XU ¹ ¹ CCDI Group; ² Beijing University of Civil Engineering and Architecture
10:10	Outdoor lighting and the internet of things: benefits, implementation and challenges Vandergeerde JEROME Schreder, Belgium
10:40	Discussion
10:55	Coffee Break
	Session 2
11:15	Lighting disturbances: the seen and unseen Steve COYNE, Gillian ISOARDI Australia
11:45	Can a varied-color lighting help people to relax effectively while working in night shift CHEN Chien-yu National Taiwan University of Science and Technology, Taiwan
12:15	Discussion
12:30	Lunch

Afternoon Session

	Session 3
14:00	The development and standardization of human-centric lighting Tongsheng MOU ¹ , Xi MOU ² ¹ Zhejiang University; ² Smart and Health Research Center, China
14:30	Should we stick the chromaticities on the blackbody locus? Tommy WEI, The Hong Kong Polytechnic University
15:00	Discussion
15:15	Coffee Break
	Session 4
15:35	Trial of Remote Monitoring & Control System for Road lighting in HK KWONG Suk-han Gladys ¹ , WOO Yan-ho Mike ¹ , POON Chi-Kin Lawrence ² , CHAN Wai-yat Thorsten ² ¹ Highways Department, HKSAR Government; ² Hong Kong Productivity Council
16:05	Smart Application of LED Technology in Public Lighting WONG Ka-Keung Electrical and Mechanical Services Department
16:35	Discussion
16:50	Closing Remark Ir Simon CHUNG, Chairman, Symposium Organising Committee
