(vi) Leadership : _____

Section B

Professional Undertaking

I, the **undersigned**, agree that in the event of approval of my appointment as an Engineering Supervisor, **I accept the responsibility to:**

- (1) ensure that graduate trainees (with qualifications which meet the academic requirements for Member of the HKIE in a Discipline) receive training during the whole of the specified period in accordance with the Company's training programme previously approved by the Institution;
- (2) meet each trainee on a regular basis (at least quarterly) to assess his/her progress;
- (3) discuss with each trainee and endorse/sign the trainees' Engineering Graduate Training Log Book, Record of Objectives and Record of Continuing Professional Development in accordance with all stipulated requirements;

(Additionally for an **External Engineering Supervisor-**)

- (4) visit the Company's premises or site at least once a month to assess trainee's progress as well as to discuss training matters with the trainees, the Company's training staff and management.

If the trainee is based in the PRC then at least once per quarter the above monthly meeting should be in the company's PRC premises or site.

Date : _____

Signature of Applicant : _____

In Capital Letters : _____

Notes:

1. The applicant must indicate the Discipline(s) for which he or she has the HKIE approval.
2. It is a requirement that Engineering Supervisors be Corporate Members of the HKIE.
3. This refers to any formal training undertaken by the Applicant.
4. This section refers to any training posts held by the Applicant (e.g. Tutor for the HKIE Scheme "A"; Supervising Engineer for the ICE Training Scheme etc.)

Qualification of Engineering Supervisor

- Preferably with training experience (either being Scheme "A" trainee or Tutor before)
 - With post Corporate Membership in the HKIE for not less than 5 years
- OR**
- With Corporate Membership in the HKIE and in Senior Managerial / Supervisory post for not less than 5 years

"Senior Managerial/Supervisory Post" would mean Unit Head/Manager or equivalent level in private companies, whereas Senior Professional or Senior Engineer in Government Departments.
