

**Technical Seminar on  
Sustainable Development: The Overlooked Facts**

**Details**

Date :	4 November 2019 (Mon)	Venue :	James Chiu Room
Time :	6:30pm (Registration)		HKIE Headquarters,
	6:45pm - 8:00pm		9/F, Island Beverly, Causeway Bay

**Programme Highlight:**

Sustainability is a multi-dimensional concept which covers not just environmental considerations, but also economic and social issues. In this seminar, the speaker shall discuss the implications of sustainable development in commonly overlooked areas, such as underground space development. Meanwhile, the speaker will also share the findings of a recent project about how sustainable development can be fostered by emerging technologies, like BIM.

**Speaker(s):**

**Dr Isabelle Y.S. CHAN, PhD, MPhil, BEng(Hons), FISHP, MRICS, MCIQB  
Assistant Professor, Deputy Program Director - BSc(Surveying),  
Department of Real Estate and Construction, The University of Hong Kong**

Isabelle is Assistant Professor and Deputy Program Director of BSc(Surveying) at the Department of Real Estate and Construction, University of Hong Kong, PRC. In the past few years, she has participated in more than 10 government-/university- /industry-funded research projects covering areas of sustainable development, innovation in construction, construction health and safety, stress management in construction, and so on. In line with these projects, she has over 60 international publications in books, journals and conferences. She is also the Chairman of the Institute of Safety and Health Practitioners in Hong Kong.
