### **Programme Highlight**

CITAC serves as a knowledge hub by collecting, showcasing and promulgating the latest local and overseas construction technologies with a view to promoting the implementation and application of construction innovation.

Located in the CIC–Zero Carbon Park, CITAC occupies around 5,000 square feet of an exhibition area with over 40 innovative technologies currently on display.

As one of the CIC's sustainable initiatives, CITAC is established to promote the application of innovative techniques and solutions in the local construction industry with a view to providing the industry with cutting-edge information on homegrown and overseas-developed building technologies.

CITAC also aims to improve the productivity of small and medium enterprises with the education and adoption of innovative construction methods.
