

Technical Visit to Smart Manufacturing Facilities

About

The technical visit to Luen Tai Hong and Catalo offers a unique opportunity to gain insights into the cutting-edge smart manufacturing facility. This visit aims to provide a comprehensive understanding of advanced manufacturing technologies adopting Industry 4.0.

Luen Tai Hong, Hong Kong's only high-tech producer of liquid eggs—with a production line that processes tens of thousands of eggs a day—started off more than six decades ago with a single shop.

Catalo Natural Health Foods Limited, which is a famous health food brand in Hong Kong, established the first-ever factory and smart production line in Hong Kong to produce products in the form of capsules, tablets and formulated powders, etc, locally.
