

## **Technical Visit to Mesan Cooling Tower Factory in Dongguan and High Performance A/C Plant at Po Park in Guangzhou**

**Organiser:** Associate Members Committee (AMC)

**Date, Time & Venue:**

6 July 2024 (Saturday), 8:30am - 9:30 pm (tentative), Mesan Fiberglass Engineering (International) Ltd., Dongguan (東莞) and Po Park (東方寶泰廣場), Tianhe, Guangzhou (廣州天河)

**Assembly Place:**

Gate No. 2 outside Futian Port, Shenzhen

**Programme Highlights:**

Found in 1972, MESAN group has been engaged in designing, manufacturing and providing sustainable cooling equipment and water filtration system for operational excellence and legionella risk management. MESAN is the first cooling tower manufacturer in Hong Kong and China accredited CTI STD-201 certification since 2004, and have five CTI certified series for HVAC, process cooling, Industrial and refrigeration markets.

AM Session – participants will be given an opportunity to visit MESAN manufacturing facilities and R&D laboratory as well as a guided tour for cooling tower performance test and to learn the low sound solutions. The manufacturer will present the sustainable evaporative cooling solutions towards carbon neutrality.

PM Session - The participants will travel to Tianhe, Guangzhou and visit the high performance A/C plant (高效機房) at Po Park, which is a large shopping mall being awarded with “蓝天杯” 卓越节能技术奖. This was the retrofit project that employed advanced design optimisation of group control strategy and variable flow cooling tower to optimize the condenser water supply temperature in the chilled water system with significant energy saving. MESAN products have also been awarded with “蓝天杯” 卓越节能产品奖. Before back to Futian or Luo Wu, all visitors will have a networking dinner to further their technical exchange with the manufacturer and the operator.
