

HKIE Building Division 23rd Annual Seminar

Challenges to Opportunities: New Era of Engineering Excellence and Innovation Powering Hong Kong's Growth

23rd March 2026 (Monday) | 09:00 - 17:00
Theatre 2, Hong Kong Convention & Exhibition Centre

In an ever-evolving landscape, the building and construction industry faces a myriad of challenges that present unique opportunities for growth and transformation. The 23rd Annual Seminar will focus on the theme “Challenges to Opportunities: New Era of Engineering Excellence and Innovation Powering Hong Kong's Growth,” highlighting the pivotal role of engineering excellence and innovation in shaping the future of our city.

This year's seminar aims to delve into how we can harness these challenges to drive progress, fostering an environment where engineers and builders collaborate to develop innovative solutions that address current and future demands.

The seminar will serve as a vital platform for professionals to engage in meaningful discussions, share insights, and explore the latest advancements in engineering practices that contribute to Hong Kong's sustainable growth and development.

*Participants are required to bring along student ID on the event day for registration.
