

Seminar on Green Solution to Air Handling Equipment Retrofitting Project and Related Digitalisation Management

Organiser: Associate Members Committee (AMC)

Co-organiser Building Services Division (BSD)
Environmental Division (EVD)

Supporter: Mechanical, Marine, Chemical & Naval Architecture Division (MMNC)

Date: 16 December 2024 (Monday)

Time: 6:30 pm - 8:00 pm

Mode: Physical attendance + online via zoom

Venue: ATAL Room, HKIE, 9/F, Island Beverley, No. 1 Great George Street, Causeway Bay, HK.

Programme Highlights:

Replacing the existing air handling units (AHU) could be nightmare issue to facility and maintenance technologists. It involves cumbersome process, complex co-ordination and longer period of time in an existing operating environment than that in a new construction project. This seminar will introduce an alternative approach - green solution for retrofitting air handling equipment in order to achieve the efficiency, effectiveness and sustainability, The speaker will discuss the feasibility of MiMEP AHU in retrofitting project and digitalisation management of air handling equipment. He will also share some cases of retrofitting projects.

Guest Speaker:

Mr John Ng

BEng(Hons) MASHRAE, Marketing Director, Ever Cool Refrigerating & Air Conditioning Co Ltd

Language:

PowerPoint in English/Chinese and presentation in Cantonese

Registration & Enquiries:

The number of the participants is 130, including 10 physical attendance. Application will be accepted on a first-come, first-served basis, and will be closed on 10 December 2024 or when all places are filled up. Attendance certificate will be delivered to the designated participants who have requested and fulfilled attendance requirements not less than $\frac{3}{4}$ of the total duration. For registration, please complete the online enrollment form [HERE](#). Successful applicants will be notified before the event. For enquiries, please email to amc-cpdevent@hotmail.com.
